

## MAY REMAIN IN JAIL UNTIL WEDNESDAY

On Wednesday Next Thaw Is to Be Arraigned in Court on a Writ of Habeas Corpus

### TO SUBMIT TO DEPORTATION

Prisoner's Canadian Lawyers Are Planning to Submit to Deportation But to A Point to Be Selected by Thaw

### HOPES TO BE DEPORTED TO MONTPELIER

SHERBROOKE, Que., Aug. 21.—Until Wednesday of next week, barring unforeseen developments, Harry K. Thaw will remain in the Sherbrooke jail. On that day he is to be arraigned in the superior court on a writ of habeas corpus. Between now and that time his battery of Canadian lawyers hope to perfect plans not to thwart deportation, but to submit to its gracefully—to a point selected by Thaw. This in brief was the status tonight of Matteawan's fugitive arrested on Tuesday near Coaticook, Quebec, and committed to jail here on a defective warrant. Ignorant of the moves made by his lawyers, Thaw spent his time pacing the length of the narrow corridor in the Sherbrooke jail and was not even aware that the writ of habeas corpus in his case was served on the jailer this afternoon and that but for a timely telephone message he would have been produced in court today with the bench vacant.

This incident, variously described as a blunder, a case of absent-mindedness and an error due to hurry, arose after Superior Judge Globenski failed to specify in writing that the writ was returnable before him next Wednesday. He had set this date in chambers, but the writ reading "instantly" when served on the jailer set that official into instant action, and he had called a carriage and ordered Thaw to dress for an outing when a telephone message from the judge informed him that the latter was leaving for Montreal, not to return here as a circuit judge until next week.

**Seek Another Judge.**  
Meanwhile District Attorney Conger of Dutchess county, N. Y., Deputy Attorney General Franklin Kennedy of Albany and others primarily interested in getting Stanford White's slayer across the border, seized on the possibility of Thaw's immediate production and sought to find another judge before whom to arraign him. But Mr. LaForce, governor of the jail, declined to surrender the prisoner until he had consulted with Sheriff Aymer. The sheriff, after reading the writ carefully, said, that while no time for its return was stated, he had understood from the court that Wednesday was the day and he said Thaw had better stay in jail.

**Rumors of Kidnapping.**  
Rumors sprouted meanwhile that the New York authorities were trying to kidnap Thaw, that an automobile was ready to whirl him to the New York line and that an open street battle was imminent. As a matter of fact the officers from New York were as much surprised as anyone. They had protested at postponing the proceedings until Wednesday, but their protests failing had decided to bide their time, hoping that when arranged, Thaw would be released as a fugitive and promptly snapped up by the immigration authorities as an undesirable.

**Jail Governor's Statement.**  
The governor of the jail, explaining his difficulties, tonight said: "Some one representing himself to be Judge Globenski called me on the telephone this afternoon and said Thaw would not need to appear in court before Wednesday. I was not entirely settled as to the time, because I thought he said something about tomorrow. As a matter of fact I rather doubted that it was Judge Globenski. I was confused particularly when I received another call. This time it was from a man who told me to 'get under cover' because something is going to happen."

"Half an hour later the bailiff appeared and served the habeas corpus papers upon me, saying that I was to deliver Thaw immediately. I was as near bewildered then as I ever have been in my life. Within half an hour I had been told to produce him Wednesday, tomorrow and immediately."

"I found a crowd outside and there were wild rumors that the prisoners were going to be taken away. But, of course, these were untrue and I finally straightened matters out by consultation with the sheriff. Thaw's lawyer said tonight that they were well satisfied with the events of today. They feel now that Thaw's fate, so far as the Canadian officials may influence it, is practically settled. The departure for Ottawa early this morning of W. L. Shurtleff was the first step in a plan to procure Thaw's removal from Canada without prolonged proceedings."

**Believe Request Will Be Granted.**  
All the lawyers profess to believe that the ministers of the interior

### IMPORTANT STEP TOWARD CANAL COMPLETION WILL BE TAKEN SOON

Earth Between the Miraflores Locks and the Tide Water on the Pacific Side Will Be Blown Up Monday.

Washington, Aug. 21.—Another important step toward final completion of the Panama canal will be taken next Monday when preparations will be made to blow up the heavy earth now the only barrier between the Miraflores locks and tide water on the Pacific side, three miles away. A month later a channel the full width of the canal prism and deep enough to pass a battleship will be completed.

After the destruction of the Miraflores dike there will remain only two such obstructions along the canal route, one at Gamboa, about one-third of the way through from the Atlantic holding back the water from the Culebra cut and one over which the railroad crosses at the Gatun locks.

## CAMINETTI TRIAL WILL START NEXT TUESDAY

PROSECUTOR ROCHE ANNOUNCES COUNTS IN CAMINETTI INDICTMENT

It Is Not Known Whether the Father of the Defendant Will Be Present at the Trial—Diggs' Attorney Drawing Up Bill of Errors.

SAN FRANCISCO, Aug. 21.—F. Drew Caminetti, companion of Maury I. Diggs in the flight from Sacramento to Reno, Nev., with Marsha Warrington and Lola Norris will face a jury next Tuesday in the same court room in which Diggs was convicted and attempt to prove that the elopement episode did not render him amenable to punishment for violation of the Mann white slave act.

Special Prosecutor Theodore Roche announced tonight the exact charges or counts of the indictment upon which the government would attempt to convict Caminetti. They are that he transported or assisted in the transportation from one state to another Lola Norris for immoral purposes; that he transported or assisted in the transportation from one state to another of Marsha Warrington for an immoral purpose; that he induced and enticed Lola Norris to go to Reno for an immoral purpose and that he induced and enticed Marsha Warrington to go to Reno for an immoral purpose. It is not known here whether Commissioner General of Immigration Anthony Caminetti, father of the defendant, who is now in Washington, will be present at the trial.

When United States District Attorney John L. McNab resigned and declared his action was taken because he had been ordered by the department of justice in Washington to postpone the Diggs-Caminetti case the explanation of the order of postponement that it had been issued so that the senior Caminetti, then occupied with departmental duties, might have an opportunity to attend his son's trial.

Attorneys for Diggs were engaged tonight in drawing up a bill of errors to be submitted to the United States district court of appeals in connection with his appeal. In this bill the charge of Judge Van Fleet to the jury is attacked.

## PRESIDENT AT WORK ON SPECIAL MESSAGE

Wilson Will Probably Read Message to Both Houses of Congress on Next Monday

### ON MEXICAN CONTROVERSY

President Will Relate in Detail Negotiations Conducted Through John Lind with the Huerta Government

### TO LAY VIEW POINT BEFORE PEOPLE

WASHINGTON, Aug. 21.—President Wilson was at work tonight on a special message which he probably will read to both houses of congress next Monday relating in detail to the negotiations which have been conducted through his personal representative, John Lind, with the Huerta government in Mexico. The decision to make a comprehensive statement on the situation to congress was reached today after the president had about concluded the negotiations between Mr. Lind and Provisional President Huerta since the exchange of notes had developed no new basis for discussion. With this message the president will present the two notes, setting forth the American suggestions to the Huerta government and its reply. Should he read the document himself, which he is being urged to do by members of the cabinet, and to which he is strongly inclined, it will be the first time since the days of George Washington that a president has communicated a matter of foreign policy in person to the legislative branch of the government.

### Will Effect Situation.

While there was no information at the white house to indicate what object it was hoped to accomplish through a message at this time, there was a well defined belief in official circles that President Wilson thinks the reading of an address which will lay the American viewpoint and the Huerta contentions before the congress and people of this country and which also will be made public to the world generally, cannot but have an important effect on the situation in Mexico. It is expected to be a partial answer to the intimations of Provisional President Huerta in his note that President Wilson stands alone in his Mexican policy and unsupported generally in congress. The first refutation of this Huerta supposition came in the senate today when prominent Republicans vigorously upheld the hand of the president. The expressions of confidence in the wisdom and good faith of President Wilson were made by several Republican leaders in succession after Senator Penrose of Pennsylvania, Republican, had introduced a resolution to require the president to place American troops in Mexico to protect American lives.

### No Action on Resolution.

No action was taken on the resolution and though Senator Penrose said that the sending of troops could be decreed not unfriendly to Mexico, the view at the white house and state department was that such a move in effect would be an act of war. President Wilson reiterated to callers today that he had absolutely no intention of taking any drastic measures, denied that Secretary Garrison of the war department, had been called back to Washington and referred to the fact that Mr. Garrison would take a vacation after his inspection trip in the west was ended. He incidentally complimented Republican senators on their spirit of co-operation, emphatically stating that he had not been the slightest exhibition of partisanship. That Provisional President Huerta has advanced the idea that recognition of his government is a partisan question in the United States and that the Democratic party is not actually dominant is admitted by administration officials, but they believe that if such an illusion exists in Mexico it shortly will be dissipated not only by news of today's debate in the senate, but by the expectation that congress in some way will show its confidence in the president when he reads his message.

### Foundation for Next Step.

The administration hopes that when the facts are known in Mexico the Huerta authorities may be more inclined to respect the American suggestions. The United States, in brief, has proposed that Huerta resign in favor of a provisional president acceptable to all sides; that a suspension of hostilities thereby be brought about and a constitutional election held, the resulting administration to receive the recognition of the United States government. Thus far Huerta has flatly rejected the American proposals and renewed his demand for recognition, more inclined to the failure of the United States to recognize him. It is not known yet whether President Wilson will make any specific recommendations in his message, but it was learned from a high government official that his statement of the case would be the foundation for the next step on the part of the United States. The president has made it

plain, however, that he has no thought of armed intervention.

Mr. Lind will remain in Mexico indefinitely.

### To Protect All Foreigners.

Eagle Pass, Texas, Aug. 21.—A step to protect Americans and all foreigners in constitutionalist territory was taken by Acting American Vice Consul W. H. Blocker at Piedras Negras, Mexico, in protesting formally to constitutionalist leaders against the destruction of the mining town of Lampacitos, Coahuila, last Saturday when about \$1,000,000 worth of property—much of it French owned—was destroyed. Gen. Jesus Carranza, acting head of the constitutionalists, said the constitutionalists purpose to protect foreigners, but that if Lampacitos had not been wiped off the map it could have supplied the Huerta government all the coal needed for railroads, shops and other purposes.

## DISCOVER DYNAMITE NEAR GAYNOR'S OFFICE

DEADLY CHARGE OF EXPLOSIVE WITH PARTLY BURNED FUSE IS FOUND

Explosive Is Placed Within Sixty Feet of the New York Mayor's Window—An Edge of One Dynamite Stick Is Scorched by Burning Fuse.

New York, Aug. 21.—A deadly charge of dynamite—three whole inch sticks and two halves with a fuse and detonator—was discovered this afternoon near Mayor Gaynor's office windows in the city hall. The bureau of combustibles found that the explosive was forty percent dynamite, the regulation blasting proportion and the amount found would, if exploded, have wrecked the city hall.

The mayor was in his office when the dynamite was discovered by a citizen passing through City Hall Park. Mr. Gaynor evinced little interest when told of the explosive's proximity and remained apparently undisturbed at his desk while police officers hurriedly drew a cordon about the dynamite to keep back an excited crowd.

Mr. Gaynor frequently receives threatening letters but tonight he would make no statement regarding the possible connection between any previous threat by mail and the dynamite of today. It is just three years ago this month that he was shot in the neck by a so-called crank and so badly wounded that for several days it was feared he would die.

The dynamite found today lay on a basement door within 60 feet of the mayor's window. A partly burned four inch fuse made of gunpowder tightly rolled in paper cylinder, led to a denotation cap in one of the half sticks of dynamite. The bureau of combustibles experts say the only thing which prevented an explosion was the presence of a strip of cotton wool wound so tightly about the base of the fuse that a spark could not reach the detonator. An edge of one dynamite stick was slightly scorched.

### MULHALL TAKES STAND BEFORE HOUSE COMMITTEE

Lobbyist Asserts He Is Sure N. A. M. Could Control Selection of Men on Judiciary Committee in 1909-1910.

Washington, Aug. 21.—Martin M. Mulhall, late "lobbyist" for the National association of Manufacturers refreshed by a week's vacation took the stand before the house committee late today.

Representative Willis of Ohio questioned the witness sharply about his statements in regard to the make-up of the judiciary committee of the house in 1909-1910.

Mulhall swore that through the efforts of former Representative James E. Watson, two men were taken from that committee and two others, Representatives Vreeland of New York and Bannan of Ohio, given their places.

"The record shows," said Mr. Willis, "that Bannan went on that committee in 1906 and that Mr. Vreeland never served on it while he was in congress."

Mulhall said he might have been mistaken about the names or the dates, but he was sure the N. A. M. could control the selection of men on the committee.

### FEDERAL JUDGE SPEER IS READY TO ATTEND ALL HEARINGS

Representative Hughes of Georgia Notifies Judge Speer That He May Be Present With Counsel.

Washington, August 21.—Federal Judge Speer of Georgia charged with official misconduct in papers filed with the house committee on judiciary will attend any hearings that the committee may have to take evidence on the case. He telegraphed today to Representative Hughes of Georgia, a life long friend and college classmate, asking that he arrange for his appearance at the proper time. Mr. Hughes immediately conferred with Chairman Clayton of the committee and later notified Judge Speer that he would be permitted to be present with counsel. A conference of the Georgia delegation in the house for consideration of the case has been called for tomorrow.

### Amendments Are Defeated.

Both the house Democratic caucus and the conference of Democratic members of the senate committee on banking and currency considered the administration currency bill today. One minor amendment was voted into the bill in the caucus which adjourned until tomorrow with the Neely amendment to prohibit any man from being a director of more than one bank pending. Representative Wingo of Arkansas declared at the close of the session that if the caucus should vote down the interlocking directorate prohibition amendment, it would furnish material for a charge that the Democratic party had surrendered to Cleveland H. Dodge and Cyrus McCormick, who had made heavy contributions to the Wilson campaign fund. There was no real test of so-called insurgent strength at any time today, but all important amendments proposed were voted down overwhelmingly, the vote in one case being 21 to 103.

### Bankers May Protest.

Chicago, Aug. 21.—Protest against the administration currency bill is expected to be the result of a conference of bankers from all over the country which will begin here tomorrow. Amendments probably will be recommended to eliminate some of the features of the Glass-Steagall bill now pending in congress. Owen bill now pending in congress. More than 250 bankers are expected to attend the conference. Among them will be members of the currency commission of the American Bankers' association, presidents of the various state bankers' associations, presidents of banks representing the clearing houses and other representative bankers. The conference is to be under the auspices of the bankers' currency commission which has invited the financiers of the country to come together to unite on a plan of action concerning the proposed currency bill.

A large delegation of eastern bankers and a number of western bankers who have been in Washington conferring with Secretary McAdoo will be here for the meetings, it is announced. The principal objection of the bankers to the bill as it stands was stated today by Charles D. Dawes, delegate to represent the Chicago clearing house association to be the federal reserve board members of which would be appointed by the president.

### Recommend Confirmation.

The senate postoffice committee late today recommended to the senate in executive session that the nomination of Thomas Fox as postmaster at Sacramento, Cal., be confirmed.

Rudolph Spreckels had made the strenuous fight against Fox's confirmation attacking him as a "boss" and tool of the Southern Pacific railroad. He will carry the fight to the floor of the senate.

A positive denial was made by Immigration Commissioner Caminetti that he recommended Thomas Fox for postmaster at Sacramento, Cal., in return for Fox's influence in behalf of his son charged with violation of the white slave law. (Caminetti's statement was made to the senate postoffice committee.)

### SPARKS FROM THE WIRE

Thousands of acres of land were burned over.

## RAPID PROGRESS IS MADE ON BILL

Senate Approves the Flax and Silk Schedules as Amended—Republicans Are Tiring

### POSTPONE FREE WOOL FIGHT

Paper Schedule Is to Be Taken Up Today and Fight on Free Raw Wool Will Follow Its Consideration

### BEGIN DEBATE ON PAPER SCHEDULE

WASHINGTON, Aug. 21.—Republican senators gave evidence today of tiring over continued fruitless opposition to the tariff schedules and rapid progress was made in consideration of the bill, the fight on free raw wool having been postponed until tomorrow.

The flax and silk schedules were approved as amended. Senators McCumber and Gronna ineffectually sought to transfer flax from the free to the dutiable list. To the silk schedule not an amendment was offered nor a criticism made by a minority member. One paragraph relating to woven fabrics in the piece at 45 per cent ad valorem was passed over at the request of Chairman Simmons for revision.

Consideration of the paper schedule was begun, but the paragraph relating to print paper and the proposed countervailing duty on paper valued at more than 2½ cents per pound was passed over at the request of Senator Lodge until tomorrow.

When the paper schedule is disposed of tomorrow, Senator Simmons will call up the wool schedule, expecting a vote on free raw wool before adjournment Tuesday. The schedule was dismissed in general debate today.

Besides paper and wool, the sundries schedule and the free list remain to be considered. Then will come the income tax, cotton futures tax and administrative features.

### Amendments Are Defeated.

Both the house Democratic caucus and the conference of Democratic members of the senate committee on banking and currency considered the administration currency bill today. FATAL ACCIDENT HAPPENED AT GIRARD.

Former Resident of Morgan County Is Run Down by Train Yesterday Afternoon and Dies in Twenty Minutes—Daughter at Mackinaw Island on Honeymoon Trip.

E. S. Carter, a grain merchant of Girard, and former resident of Morgan county, was run down and almost instantly killed by a Chicago & Alton train at Girard, Thursday afternoon at 2 o'clock. Mr. Carter had left the elevator to go across the Alton tracks where some work was being done. He stood on the track, close to where an engine on the siding was letting off steam and he failed to see or hear the other train. **HAS FINE OAT YIELD.**  
Stansfield Baldwin, of north of the city, finished threshing an eighteen acre tract of oats Thursday, which yielded 768 bushels or 42 2-3 bushels per acre. In a season when the oat crop is so light, the yield from this field of Mr. Baldwin's is an extra fine one. The grain was of the Texas variety and was sowed broadcast and disced. It was threshed by Edward Caldwell. The grain was sold for 40 cents a bushel from the field.

**PICNIC AT GRAVEL SPRINGS.**  
Director Ruyter of the Play Grounds association took a party of first ward boys on a hay wagon picnic to Gravel Springs Thursday. There were twenty or more in the party and they spent a very happy day out in the woods. Water melons, soda pop, sandwiches, etc., made up the bill of fare. Karl Hill went with Mr. Ruyter to assist in the hospitality.

## The Mong-Fu Tong

A Western Feature Picture.

In two reels.  
It will stir your blood like old wine—like a tale from Poe! The rapid rush of adventure, the absorbing story, the genuinely thrilling situations and the sombre touch of color added by the appearance of five Chinese—all combine to make "The Mong-fu-Tong" a vast exception in multiple reel subjects. YOU WILL LIKE "THE MONG-FU TONG" and so will your audience. It's new in thought and execution—away from the hackneyed! The adventures of "Arizona Bill" in cleaning up a nest of thieves. Chinese is the scene of dramatic possibilities—a Western cowboy engaged in a life-and-death struggle with a Chinese Tong! The very words breathe something new in pictures.

Excepting Saturday—when pictures will be run continuously from 12:30 to 11 p. m.

Pictures Shown at Theatre in afternoon will appear at Hippodrome in evening, excepting Saturday, when a special set will be shown at each show.

In case of rain at night show transferred to Scott's theater.

## MAY REMAIN IN JAIL

## UNTIL WEDNESDAY

(Continued from page one)

will accede to the request that Thaw be permitted to nominate his destination in return for submitting without further protest to deportation.

Those who are advising Thaw, among them some of the ablest criminal lawyers in Canada, said tonight that they were confident that the court would welcome such a conclusion of the case.

It is claimed that Thaw did not enter by train and when captured he was nearer Vermont than any other state of the Union. All the immigration authorities have arranged to hold a hearing at Coaticook, the nearest point to the Vermont border, whenever Thaw may fall into their hands.

## May Be Sent to Montpelier.

The plan of Thaw's lawyers is to have Thaw examined before that board and ordered deported to Montpelier. Investigation made in his behalf has convinced those who are working in his interests that Vermont would afford the most favorable extradition proceedings. New York authorities, while exerting pressure at Ottawa to bring about Thaw's deportation to the New York border if possible, or to have him transferred to Montreal as a prisoner of the immigration department nevertheless have anticipated the Vermont contingency and sent there today John E. Mack, former district attorney of Dutchess county to arrange for possible hearings.

Details of Thaw's trip on the night before he was arrested near Coaticook were obtained today by immigration officials, who went over the ground in search of witnesses to use against Mitchell Thompson under arrest on a charge of aiding and abetting Thaw, a lunatic, to enter Canada. According to these officials Thaw, when he left the train at Beechers Falls, Vt., had supper with his two companions, one of whom was Thompson. After supper they hired a rig and drove to Canada, Vt. They then doubled back and crossed the frontier into Canada. The roads were of the old corduroy variety and the horse was exhausted. When two miles from Canada on the Canadian side the party was compelled to forsake the rig and hire another. The best they could obtain was one horse and a rickety buggy. In this they made slow progress over the bad roads until St. Hermenegilde-Garford was reached and Thaw arrested.

Mr. and Mrs. George Lauder Carnegie, Thaw's brother-in-law and sister, left town tonight. Mr. Thaw, the mother, did not come here they said.

"We have and we shall retain the best available counsel for Harry," said Mr. Carnegie, "and we are well pleased with the progress to date."

Asked if the Thaw family would support the five men who managed Thaw's escape, Carnegie shrugged his shoulders and said: "Well, of course we expect to do the proper thing."

## Both Executives Busy.

Albany, N. Y., Aug. 21.—Both men who claim to be New York state's chief executive were busy on the Thaw case today.

Governor Sulzer late today made his initial move in the matter so far as he has disclosed, when he telegraphed Secretary of State Bryan at Washington, asking that the American consul general at Ottawa advise the Canadian authorities to return Thaw to the jurisdiction of this state at Rouses Point.

Several hours previously Acting Governor Glynn conjointly with Attorney General Carmody, sent a telegram in duplicate to Mr. Bryan and to the federal secretary of commerce requesting them "in the name of this state of New York" to "ask Canadian immigration authorities to deport Harry K. Thaw to the state of New York."

Mr. Glynn was visibly disappointed when informed that dispatches from Canada announced that Thaw's attorneys were successful in deferring the court hearing until Wednesday, also that Washington dispatches represented the federal officials as being in doubt respecting the proper steps for them to take.

## EARTHQUAKE BRINGS PANIC.

Messina, Sicily, Aug. 21.—A strong earthquake occurred here this afternoon. It was brief in duration—not more than four seconds, but caused a great panic among the populace, who ran out of the wooden houses where they have lodged since the earthquake in 1908.

### "BUFFALO BILL" RETIRES TO PRIVATE LIFE

Colonel Cod Ends Career as Show-  
man—Financial Difficulties Bring  
Final "Round-up."

Denver, Colo., Aug. 21.—Col. Wil-  
liam F. Cody ("Buffalo Bill") an-  
nounced that he has definitely re-  
tired from public life. Today, by order  
of the United States district court,  
the property of the Buffalo Bill Wild  
West and Far East shows was dis-  
posed of at public sale in this city to  
satisfy the claims of creditors. The  
sale marks the end of Col. Cody's  
career as a showman. So far as pub-  
lic exhibitions are concerned, he has  
shot the ashes from the last cigar  
and chased the last Indian.

Of the hundreds of thousands of  
young and old who have visited Buf-  
falo Bill's Wild West show during  
the past quarter of a century, there  
are probably few who will not feel  
regret at the announcement that be-  
cause of financial difficulties, the  
show has had its final "round-up."

Col. Cody has turned his seven-  
teenth year. During more than half  
his life he has been a prominent fig-  
ure in the public eye. Mule driver,  
pony express rider, stage driver,  
scout, soldier, hunter, showman—  
are a few of the occupations which  
made his career probably the most  
picturesque of living men.

From the day that his father was  
killed in a fight that gave "bloody  
Kansas" its name, William F. Cody  
was never idle. At the age of 15,  
already a man in size and strength,  
he had been herder, messenger and  
express driver and had won a name  
as a dead shot and a horseman with  
few equals.

Under Gen. Albert Sidney John-  
ston he saw his first Indian fighting.  
The civil war found him a private in  
the 7th Kansas cavalry, an active  
"Jayhawker" regiment, and for more  
than ten years after the close of the  
war he saw service, first as scout  
and later as chief of scouts, in the  
Indian wars. His commanders in-  
cluded Gens. Sherman, Sheridan,  
Miles, Custer, Crook, Ord and Fry—  
all the famous Indian fighters of the  
period. It was then he was chief of  
scouts under Gen. Crook that he  
won fame by killing in single combat  
the Indian chief, Yellow Hand, knife  
against tomahawk.

In 1867 he won his title of Buffalo  
Bill. It was then that a gang of  
1,200 men were laying the tracks of  
the Kansas-Pacific across the plains  
and were famishing for fresh meat.  
Cod volunteered to furnish meat and  
in 18 months, with his horse, Brig-  
ham and his favorite breach loader,  
"Lucretia Borgia," he killed 4,280  
bison.

In the '70s Col. Cody tried acting  
in a melodrama of the West and it  
was the success of this which led to  
the formation of the "Wild West"  
show, with which his name has been  
linked for thirty years. This big  
show was launched in earnest in  
1883. The first performance was  
given in Madison Square Garden,  
New York city, when Henry Ward  
Beecher introduced the famous  
plainsman and scout to the public.  
On the first presentation of the show  
in Washington a few weeks later  
Gen. Philip Sheridan acted as master  
of ceremonies, riding in the Dead-  
wood stage coach (in which he had  
traveled to the Black Hills) accom-  
panied by President Arthur. The ar-  
my officers attended, and the speaker  
of the house found it necessary to  
adjourn on account of a lack of a  
quorum.

"When Buffalo Bill first launched  
his show the experienced men in the  
business laughed at him and said  
that it was a wild scheme, but in less  
than six months he was making more  
money than Barnum. The show tour-  
ned Europe several times and was as  
successful there as on this side of  
the water.

Just how much Col. Cody has left  
of the millions of dollars he has  
earned in the show business is prob-

lematical. Of late years the profits  
have not been so large as formerly.  
It is said also that the famous old  
scout has lost considerable sums in  
poor investments. But those who are  
in the best position to know declare  
that the personal fortune of Buffalo  
Bill is unimpaired by the disasters  
that have overtaken the show that  
bears his name. It is generally be-  
lieved that he is well fixed financial-  
ly and in no danger of coming to  
want in his old age.

In talking over his future plans,  
Buffalo Bill says: "I expect to spend  
my remaining years in the west. Every-  
cent that I have made in the show  
business I have invested in this sec-  
tion in developing the arid plains  
that are now fine home lands peopled  
with happy American families. I  
was the first to undertake and suc-  
cessfully accomplish results under  
the Carey land act through irriga-  
tion, the locality being in the Big  
Horn Basin. Once I spent \$700,000  
in digging an irrigation canal before  
I got a cent returned. In addition to  
my large land holdings in Colorado,  
Wyoming and Nebraska I possess  
many valuable mining claims in Ariz-  
ona."

### SOUTH HAS NO REASON TO COMPLAIN.

New Orleans, Aug. 21.—While the  
range of predictions as to this year's  
cotton crop is from twelve to six-  
teen million bales, the predominance  
of figures around the 13,000,000  
bale mark is accepted as proof that  
the crop will be in about that quan-  
tity unless decided improvement or  
deterioration should set in. If a  
13,000,000 bale crop is made there  
will be no complaining in the south.

While this will be a million and  
half bales under the crop of last year  
and three million bales under the  
crop of 1911, still it is regarded as  
an abundant yield. With the almost  
unprecedented occurrence of having  
three big crop years in succession  
the financial prospects of the south  
are brighter than ever before. Even  
the prosperous years just preceding  
the civil war are not excepted.

The prospects in Louisiana are  
overshadowed somewhat by the  
threatened ruin of its sugar indus-  
try. Had other crops yielded poorly  
this year widespread damage  
would have resulted, but as cotton,  
rice and corn have done so well the  
absence of most of the revenue usually  
coming from the cane crop is  
not exerting a general influence.

### PAVING RUINED BY HEAT.

Damage to Kansas City's Asphalt  
Streets Will Amount to \$500,000.  
Protracted hot weather has dam-  
aged asphalt paving in Kansas City  
more than \$500,000, according to  
Curtis Hill, city engineer.

Asphalt pavement, which was in  
the best of condition before the  
thermometer began to climb above  
the 100 mark, was warped and cur-  
led until resurfacing is the only pos-  
sible remedy, according to the en-  
gineer.

The automobile speedway on Cher-  
ry street, from Linwood boulevard to  
the junction with Gillham road, was  
closed as an example. There auto-  
mobiles can not be driven at a speed  
faster than a walk on account of the  
condition of the asphalt.

Cool weather will not cause the  
paving to return to its former level,  
the engineer said.

### MEXICAN CAMPAIGN OF 1846-47 IS RECALLED.

The refusal of a president of Mex-  
ico to recognize a special representa-  
tive sent to him by a president of the  
United States precipitated the "War  
of the Forties" between the two  
countries. President Wilson follow-  
ed President Polk's precedent when  
he dispatched John Lind on his mis-  
sion.

After the rejection of his repre-  
sentative, John Slidell, President  
Polk ordered Gen. Zachary Taylor to  
advance through the disputed terri-  
tory, Texas, to a point opposite Mata-  
moros, Mexico, in March, 1846.

Mexico regarded the "invasion" as  
an act of war, and a large force of  
Mexicans crossed the river and over-  
whelmed a small advance guard of  
Taylor's troops. This act led to  
Polk's war message to congress and  
war was declared in May.

General Taylor took the offensive  
and defeated the Mexicans under  
General Arista at Palo Alto and Re-  
saca de la Palma, and then crossed  
the Rio Grande and occupied Mata-  
moros, where he remained three  
months. In September he carried  
the defenses of Monterey and forced  
its surrender.

President Polk in the meantime  
had decided on a southern campaign  
and he weakened Taylor's force to  
furnish troops for Gen. Winfield  
Scott, who was to capture Vera Cruz  
and to advance from that city to the  
capital of Mexico.

General Taylor, although he had  
only 5,000 troops left under his  
command, did not hesitate to attack  
Santa Anna, the best soldier of Mex-  
ico, who had an army of 20,000 men  
at Buena Vista. Taylor won a de-  
cisive victory, the battle ending the  
campaign in the north.

In the south General Scott aided  
by the navy took Vera Cruz and then  
marched to the capital, winning bril-  
liantly a series of hard fought bat-  
tles at Cerro Gordo, Contreras, San  
Antonio and Churubusco. Then an  
armistice was agreed upon, but the  
Mexicans broke it and Scott resumed  
hostilities. He won the battle of  
Molino del Rey, and storming Cha-  
puitepec, captured the City of Mex-  
ico. This virtually ended the war  
in September, 1847.

In the "War of the Forties," Grant,  
Lee, "Stonewall" Jackson, Sherman,  
A. S. Johnston, Joseph E. Johnston  
and other officers who rose to fame  
in the civil war were engaged as  
junior in command.

### QUICK RELIEF FOR RHEUMATISM.

George W. Koon, Lawton, Mich.,  
says: "Dr. Detchon's Relief for  
Rheumatism has given my wife  
wonderful benefit for rheumatism.  
She could not lift hand or foot, had  
to be lifted for two months. She  
began the use of the remedy and  
improved rapidly. On Monday she  
could not move and on Wednesday  
she got up, dressed herself and  
walked out for breakfast." Sold by  
L. P. Alcott, druggist.—Adv.

### GRAPE SEEDS.

The seeds of the grape, like cot-  
ton seed, is now to be made a source  
of wealth. The United States depart-  
ment of agriculture has discovered  
that grape seeds, hitherto considered  
worthless, can be made into high  
grade syrups, oils, soap and chicken  
feed. From the raisin crop alone  
10,000,000 pounds of seeds are re-  
moved each year.

### REUNION AT QUINCY.

Wednesday and Thursday, October  
15 and 16, are the dates of the re-  
union at Quincy of the 16th, 28th,  
50th, 78th and 127th Illinois infant-  
ry regiments and the 3rd Missouri  
cavalry.

### CHAUTAQUA WILL PRESENT OPENING EVENTS TODAY

Sunday School Parade Will Be Feat-  
ure This Morning and Many Chil-  
dren and Floats Are Promised—  
More Tents Than Last Year—Pro-  
gram for the Day.

The southeast part of Nichols  
park is now indeed a tented city and  
all is rapidly getting in readiness  
for the opening day of the chautau-  
qua festival and educational exhibit  
and entertainment. The large tent  
is up and provided with a stage 20  
by 32 feet, 800 chairs and the col-  
lege bleachers which hold a large  
audience, so that all is in readiness  
in that line.

The Parade.  
In the city the parade will be the  
opening feature, forming on West  
State street and marching promptly  
at 10 this morning east to the  
square, south to College avenue, east  
on College avenue to Clay avenue,  
north to East State street and west  
to the square and disband.

A great many Sunday school chil-  
dren are expected in this parade.  
There will be prizes amounting to  
\$35.00 for the best decorated float  
and automobile. It is expected that  
there will be a great many from the  
country should the weather prove  
favorable as responses have already  
been received from Salem, Concord  
and several other schools and prom-  
ises to join in the parade. The vet-  
erans will also join and there will  
be a display worthy of the day if all  
goes well as expected. Capt. John  
Scott, who is to be chief marshal of  
the day and will have general charge.  
The chautauqua association has  
distributed to the children of the  
county 9,000 free tickets of admis-  
sion limiting the age to 16. On the  
tickets are printed the songs "Amer-  
ica," "Abide With Me," and "Bat-  
tle Hymn of the Republic," and it is  
expected that these will be sung in  
concert.

It is hoped and expected that a  
goodly number of all interested will  
join in the parade and make it a  
success.

On the grounds things are as-  
suming shape. Owing to some mis-  
understanding the benches and  
tables on the south side of the lake  
were moved to the north side, but  
they have been ordered back and will  
be for the use of the people.

Tents and Streets.  
Already a good number of tents  
have been erected and it is prob-  
able that more yet will be placed  
before the end of the sessions. A  
main street goes from the entrance  
to the large tent and along it are  
on the east side the tents of the  
Chamber of Commerce, headquar-  
ters Illinois Woman's college, Jack-  
sonville Courier, E. R. Frost, Wom-  
an's Home Missionary society of  
Grace M. E. church, Mrs. Charles  
Hopper in charge, headquarters Cen-  
tral Christian church.

On the west side will be the  
Farm Supply company, Knights  
of Pythias, Odd Fellows, Reynolds  
& Rantz refreshment stand, United  
Commercial Travelers and the Jack-  
sonville Business college.

Along the east side of the  
grounds is a street well occupied.  
It is called First street and along  
it are the tents of Dr. C. E. Black,  
J. W. Walton, W. T. Wilson, J. W.  
Henry of Woodson, the Busy Bees of  
Brooklyn church, A. A. Curry,  
Joseph Jackson, C. B. Massey,  
James Brown, Dr. T. O. Hardisty  
and A. Wehl, Kent Johnson and  
Louis Osborne, Wilbur Myers, J. A.  
Manson, Mrs. Charles Fossett, Mrs.  
J. H. Bourne, Woodson W. C. T. U.  
and the Morgan County Medical so-  
ciety's hospital tent.

Immediately west of that street  
and parallel with it is another  
street and along it are the tents of  
C. R. Knollberg, C. H. Henry, N.  
W. Spires and T. H. Buckthorpe.  
Space has been engaged for tents  
of the Epworth league, Rev. J. A.

Biddle of Murrayville, Mrs. Frank  
E. McDougall, Charles H. Ward, U.  
G. Woodman, Dr. H. L. Griswold  
and Morgan County Poultry asso-  
ciation. It is probable also that  
others will yet occupy tents on the  
grounds.

Child's Welfare Exhibit.  
In the pavilion on the north side  
of the lake will be the child's wel-  
fare exhibit to which reference has  
already been made. This will be  
free and should be largely attended  
and examined. The doctors will ex-  
pound the exhibit every evening  
from 5 to 6 and from 7 to 8 p. m.  
Trained nurses will have charge dur-  
ing the day from 9:30 a. m. to 8  
p. m.

Water for All.  
A good thing is the decision of  
the chautauqua management to have  
plenty of water in tanks, one for  
man and one for beast. The water  
supply was hardly satisfactory last  
year and this effort will avoid that  
trouble.

The Program Today.  
The following is the program an-  
nounced for the day:

rade and pageant.

### Can't Help But Admire Babies

Every Woman Casts Loving Glance at  
the Nestling Cuddled in its Bonnet.

A woman's heart naturally responds to  
the charm and sweetness of a pretty child,  
and more so today than ever before since  
the advent of Mother's Friend.

This is a most wonderful external help  
to the muscles and tendons. It penetrates  
the tissues, makes them pliant to readily  
yield to nature's demand for expansion,  
so there is no longer a period of pain, dis-  
comfort, straining, nausea or other symp-  
toms so often distressing during the anxious  
weeks of expectancy.

Mother's Friend prepares the system for  
the coming event, and its use brings com-  
fort, rest and repose during the term. This  
has a most marked influence upon the baby,  
since it thus inherits a splendid growing  
system of nerves and digestive function.  
And particularly to young mothers is this  
famous remedy of inestimable value. It  
enables her to preserve her health and  
strength, and she remains a pretty mother  
by having avoided all the suffering and  
danger that would otherwise accompany  
such an occasion. Mother's Friend thor-  
oughly lubricates every nerve, tendon and  
muscle involved and is a sure preventive  
for caking of the breasts.

You will find this splendid remedy on  
sale at all drug stores at \$1.00 a bottle,  
and is highly recommended for the purpose.  
Write Bradford Regulator Co., 134 Lamar  
Bldg., Atlanta, Ga., and they will mail you  
sealed, a very instructive book for expectant  
mothers.

There is a wealth of instruction and  
comfort to be derived in reading this little  
book. It is plainly written, just what  
every woman wants to know, and will be  
a splendid little textbook for guidance, not  
only for yourself, but will make you help-  
ful to others. And, in the meantime, do  
not fail to get a bottle of Mother's Friend  
at the drug store, and thus fortify your-  
self against any and all pain and dis-  
comfort.

LAW AUTHORIZES ROAD DRAGGING.  
An officer of the Chamber of Commerce, who has been examining the new Illinois road law, known as the Tice law, finds that while the law does not make road dragging compulsory, the law does specifically authorize dragging. The authority is given in Section 197 of the law, as follows:

"The commissioners of highways in the several towns or districts and the county boards in the counties of this state are hereby authorized to have earth roads dragged at all seasons of the year whenever the surface of the road becomes rough so that it will not properly shed water which falls upon it; and they may contract, a preference to be given to joining landowners or tenants, to have a given piece of road dragged at a rate not to exceed one dollar per mile for each time dragged, if such work is done during the months of December, February or March, and not to exceed a rate of 75 cents per mile for each time dragged, if such work is done during other months of the year than aforesaid: Provided, that the width required by the highway commissioners to be dragged shall not be less than fourteen feet if the width of the road will permit. Provided also, that the dragging is done as nearly as practicable in accordance with the instructions of the highway commissioner of the town or district.

## LACK OF DEFINITE NEWS AFFECTS STOCK MARKET

### UNCERTAIN MOVEMENTS OF STOCKS REFLECTS LACK OF NEWS.

Continued Uncertainty Over the Mexican Situation Was Perhaps the Chief Restraining Factor—While Sentiment Was Bearish Traders Were Not in Mood to Enter Upon Ventures.

New York, Aug. 21.—Definite news concerning the affairs in which Wall street is particularly interested just now was lacking today and the uncertain movements of stocks reflected it. One of the few factors was renewed selling here on a moderate scale for foreign account and the manner in which the list sagged under these offerings suggested that traders saw no reason for supporting prices although no attempt was made to put the market under heavy pressure and business dragged along in desultory fashion throughout the day prices did not recover from the depression of the first half hour.

It was a waiting market and while sentiment was bearish traders were not in the mood to enter upon ventures. News from Mexico was mixed. The continued uncertainty over the Mexican situation was perhaps the chief restraining factor. The reduction of \$2 a ton in steel billets attracted attention, the course of the market for billets being considered one of the best indications of prevailing conditions in the steel trade in general. United States Steel was sold persistently and its heaviness influenced the entire list.

Chesapeake & Ohio rose nearly a point after announcement of reduction in the annual dividend rate from 5 to 4 per cent. The heavy losses which the company sustained in the spring floods explained the change which had been generally expected and fully discounted.

## GOOD RACING PROGRAM MARRED BY RAINFALL

ARLINGTON DROPS DEAD IN  
THIRD HEAT, FIRST RACE.

Winchester Gelding Collapses on  
Back Stretch While Scoring—  
Had Annexed Second in Second  
Try—A Big Crowd Enjoyed Good  
Afternoon's Outing—Races All  
Keenly Contested.

While scoring for the third heat of the first race the gelding Arlington, owned by George Thomas of Winchester, ruptured a blood vessel and dropped dead on the back stretch. Arlington was quite a handy racer, with a track record of 2:09 1-2, made at Sedalia, Mo., two years ago. N. Purvines, the driver, and the horse were well known to race goers throughout the middle west.

Old Jupiter Pluvius engendered a grouch Thursday afternoon and went on a tantrum of thirty minutes duration, in which time the god of the waterfall spilled just enough of the aqua to crab a grand card of races the Jacksonville Driving Club had filled for the entertainment of a good big crowd of racing enthusiasts from the city and neighborhood towns. Enough rain fell to make the track soft and sticky and to throw a scare into some of the drivers of the thoroughbreds; but there was not sufficient of the waterfall to dampen the parched ears of corn upon the withering stalks.

Previous to the rain, which fell just as the horses were scoring for the first heat of the third race, a pace for 2:30 horses, the afternoon was an ideal one for racegoers. The clouds obscured Old Sol, and there was a tempering breeze aloft, nor, nor east. The grand stand was well filled and the parkways lining both sides of the stretch and either side of the first turn were jammed with automobiles, carriages, buggies and wagons, all occupied to their capacity with happy, good natured humanity.

As at the last matinee, the ladies appeared to turn out in much greater force than the sterner sex. Miladi was everywhere—in the stand, in autos, carriages, buggies and wagons. And the rail that enchaning harbor for the racing bug, was in spots thickly populated by the fair sex. There were in the crowd a good sprinkling of grandmas, stately matrons, prospective mothers of future Teddys, William Howards, Woodrow W's, and W. Jennings Bryans, not to mention the splinters with one eye open to an opportunity.

Before the rain-check period the coast in the first heat of the first and second races was a horse race all the way. In the first Jericho, behind Gift Camellion, was pushed to his utmost to stand off the determined stretch challenge of Clark Green, piloting John Dudley, and the latter was closely pressed by Purvines, driving Lillian D. The free-for-all trot, second on the card, was a driving finish between Jericho and Silver Abbey and N. Purvines, with Aceyell. The 2:30 pace, in the first heat, was a race from the first turn to the wire, where Shoe String Bill, Jericho up, got the verdict from Paul S. Proctor D. lost a hopple after the horses passed the judges in the first heat and was withdrawn. The second heat of the first race was a hair raiser from the back turn to the finish, both N. Purvines and Jericho restoring to the whip at frequent intervals. N. Purvines behind Arlington going under the wire first, Gift Camellion, Jericho driving, second, and Lillian D. G. Purvines holding the ribbons, third. These three heats were clearly the feature of the races. The others were keenly contested, but those mentioned were so pronounced as not to be overlooked. The summaries:

**Lamped Before Jup. P. Fell.**  
Diamond Bill Coultas of Winchester glimmed them along the rail at the first turn.

J. R. King, N. J. Moore, George Laschmut, Dr. Eckman, Wes Henson, George J. Peak and Harry Allen of Winchester were quite sweet on Arlington, and the sad mishap to the gelding in the third heat of the first race was a shock to all of these gentlemen.

July 31 will come again in 1914, yet the driving club had a large canvas, announcing: "Our next matinee will be held July 31," painted in large red gothic letters in front of the judges' stand. Some advance notice for a good time in store.

The first heat of the day was delayed for some time to allow a jinx to be renewed from one of the tires of the sulky to which Oscar Wilde was harnessed.

While the rain was at its worst,

W. B. Miser, from the judges' stand challenged Al Spaulding to run a race of 100 yards. Both gentlemen are good mud horses, but when Spaulding accepted the deft Miser could not find his ski skids, and Spaulding was more than willing to call all bets off, because he could not get his feet into a stable boys' racing pumps.

Larry Fahey, Jim Sullivan and C. F. Corrington from New Berlin wore a path in the stretch opposite the judges' booth.

Charles Strong was one of the numerous Alexander rail birds who looked them over with a keen eye.

George Wheeler from Sinclair did not venture away from the vicinity of the lemonade stand before the shower.

The rain broke up a little tee-tee party just back of the band stand, the sweet buds and their johnny boys hiking it double-quick for the cars.

**THE GREAT POWER.**

A Chicago paper says that the impressive thing about the Keokuk plant is the fact that the power will be available for manufacture, a fact which differentiates it from most of the water power produced in the mountains which is used chiefly for electric light and street car power.

Each horse power developed by water power supports, when applied to industrial ends, about 5 people. Two-thirds of the horse power available at Keokuk will draw into the Mississippi valley and support 1,000,000 people.

Illinois and Iowa are the homes of cheap coal, but we have no coal that can touch this Keokuk water power in cheapness. Factories are bound to spring up in the valley as never before. The three states served by this "colossus" may well feel sanguine about their industrial future for such a combination of abundant food supplies; plenty of raw material for manufacture and cheap water power in one rarely found.

## Story's Exchange & Employment Agency

When land values change, they invariably go higher. The 23,000,000 of people in the United States face a different condition. The go around; the 93,000,000 of today face a different condition. The unborn millions are to be fed from the same area of land. The man who failed to buy ten years ago is sorry now. If he waits ten years more he is in far worse condition. While the renter has paid his landlord \$6,000 for the use of 120 acres of land during the last ten years, the land has increased in value \$6,000 more, making the owner \$12,000, and he has the land left, and the renter has his teams and implements left.

**FOR SALE**—A neat little farm of 67½ acres, nearly all level farming land, well tiled, with a nice little cottage, with basement nearly new, new outdoor concrete cellar, large chicken house, new barn for five horses, with implement shed adjoining, corn crib and granary. This farm is within one mile of the corporation of one of Morgan county's best little towns on the C. & A. road. Part cash, balance left on farm, or will take Jacksonville property in exchange.

No matter what you want to sell or buy, borrow or loan, we are at your service.

We have an entirely new and original plan of handling real estate, and it gets business. Call and let us explain to you.

## FLORETH COMPANY

## H. A. BREWER RESIGNS POSITION AT Y. M. C. A.

After Three Years of Service as Physical Director He Takes Similar Place in Waukegan.

H. A. Brewer has resigned his position as physical director of the Y. M. C. A. to take charge of similar work in the association of Waukegan. His duties at the Waukegan Y. M. C. A. will begin September 1. His resignation has not yet been presented to the trustees, but will be acted upon at the next session of that body.

Mr. Brewer came to this city from Quincy. His first position after preparing for the work was at Lake Geneva City, where he began after two summers of training at the Lake Geneva summer school. Before leaving his home in Evansville, Ind., for the school in Wisconsin Mr. Brewer did a good deal of practical work in his home Y. M. C. A. At Waukegan he will have athletic classes and will be in charge of boy's work, just as in the local "Y."

He is taking the position in Waukegan at a salary of \$1,200, and good prospects of later advancement. The building at Waukegan is a new one, 45 by 70 feet, about twice as large as the local association building.

Mr. and Mrs. Brewer have a number of friends in Jacksonville who will be sorry to hear of their leaving, although glad to know of their increased good fortune. He and Mrs. Brewer have been active in the work of the B. Y. P. U. and the Baptist church and will be missed by many friends and acquaintances.

## HELD CELEBRATION.

Portuguese Exile Association Commemorates Landing in Social Way.

On the property acquired for the proposed eighth grade building, the coming of the exiles from Madeira was celebrated last night in a social way. The arrangements for the evening were made by the Portuguese Exile association and Northminster church through special committees. These committees were as follows: Exile association, E. M. Vasconcellos, chairman; John N. Joaquin, secretary; A. P. Vasconcellos, treasurer. Northminster church committee, James A. Scott, J. W. Baptist, Earl Vasconcellos, Joseph M. DeFrates.

Ice cream and cake were furnished and in addition there was a stand from which soda pop and cigars were sold. This was in charge of J. W. Baptist and Earl Vasconcellos. The cake cutters were Mrs. J. N. Joaquin and Mrs. James Scott. The ice cream handlers were J. H. Scott and James DeFrates. The collectors were W. C. Sperry, Julius Goes, James DeFrates, Edward Nunes and George Souza. The waiters were Mrs. Ceila Sperry, Miss Maude Henderson, Mrs. Lillian Sardinah, Miss Julia Mendonsa, Miss Marie Lynn and Miss Jennie Vieira.

Threatening weather kept many away, though the attendance was good and the grounds presented an animated appearance. The refreshments were excellent and all seemed to have the very best kind of a time while a goodly sum was realized for the benefit of the church fund. There should be a large attendance Sunday when Rev. George C. Lenington is to speak at Northminster church in further celebration of the landing.

## IN THE CIRCUIT COURT.

In the circuit court G. L. Merrill as attorney for the O'Garra Coal Co. of Chicago has filed suit against R. A. and Jerome Gates and the defendants have confessed judgment. This suit is not against the R. A. Gates Fuel & Ice Co.

## BURGOO AND PICNIC.

Members of the B. P. O. E. will go to the William M. Cleary grove six miles east of the city, this evening for their burgoo and picnic. The Elks will meet at the club rooms between 5 and 6 and will go out in automobiles.

## A PRESENT TO NICHOLS PARK.

Louis Weber has presented to Nichols park a fine century plant nineteen years old. It is a fine plant and will look wonderfully well in one of the handsome urns on the grounds.

## ESTIMATES MADE ON STATE AID FUNDS

HIGHWAY COMMISSION SENDS OUT FIGURES FOR INFORMATION OF COUNTIES.

Total Provisional Allotment For Morgan County Is \$7,156—Amount Will Be Increased When Total Number of Counties To Be Aided Is Known.

County Clerk C. A. Boruff has received from the State Highway Department a list of provisional allotments of state aid funds. The figures have been compiled as a preliminary estimate of the proposed allotment which the State Highway commission will make to each county when the various counties comply with the law which will empower the commission to make the final allotments.

Figures For Three Years. The information is given out in order that the counties which purpose to avail themselves of the allotments may make provision for the same providing a like amount. Figures are given for this year, 1914 and 1915. For Morgan county the estimate is \$2,602 for this year, the same for 1914 and \$1,952 for 1915 or a total of \$7,156. It is of course understood that none of the money could be used this year so that the allotment for next year would really be \$5,204.

The allotments are based upon the proposition of all of the counties taking advantage of the provisions for state aid. It is entirely unlikely however that all the counties will take up the proposition so that there will be a larger sum to apportion among the counties which do undertake the work than the figures here indicate.

The allotments for the entire state are as follows:

Counties and Estimates.  
Counties total allotments—1914, \$400,000; 1914, \$400,000; 1915, \$300,000.

### MUSICAL COMEDY COMPANY

Manager Hunt of the Grand opera house has secured the services of the Joe J. Smith Musical Comedy company for three days next week, to open Monday, August 25, and, judging by the newspapers of St. Louis, where the company is this week, it will be an attraction out of the ordinary. It is essentially a comedy show, written for laughing purposes only, and according to the "Post" of St. Louis, the fun starts the first night.

The girls are credited with being exceptionally clever show girls, each and every one of them being a singer and dancer of unusual ability. Joe J. Smith, the principal comedian, needs no introduction to a cosmopolitan audience, as he has been doing comedy work with some of the biggest and best shows on the road, and in the east, his name is a household word. He is a natural funmaker, never doing the same thing twice, and always wearing the smile that won't come off. He is ably assisted in the funmaking by "Dutch" Jack Ogle, Walter Wright, Beanie Niram, Garrude Ansell and Emily Buchman. Among the show girls are Dollie Devere, Bonnie Ford, Marion Brock, Edith Angell, Dolle Lorraine and Margie Thomas. The company will present an entire change of program each night during their stay, and a laugh a minute is promised by the management. Popular prices will prevail.

### IS SEVERELY INJURED.

Burt Hite, while driving into the barn on a load of haled hay at the State School for the Deaf, Thursday afternoon was caught by a beam over the doorway in such a manner that he was thrown backward, dislocating two vertebrae. He was taken to his home, 112 Chestnut street, where his injuries were attended to by Dr. C. C. Cochran. Mr. Hite is in the employ of William Thies. His injuries are very painful and their extent not yet definitely known.

### ICE SCARCER IN CITY.

A shortage of ice is prevalent in the city, caused by the inability to get in shipments ordered. Thursday in making the rounds customers were cut down on their usual quota. While ice is manufactured in the city the factory is not large enough to meet the demand without outside supply. Local dealers are expecting shipments today.

Frye, F. W. Fanning, J. W. Smith, F. W. Harper and W. T. Smith. Interment was made in Jacksonville cemetery. ## VETERANS WILL GO TO CHATTANOOGA ENCAMPMENT

Morgan County Gathering Will Send at Least Three Delegates to the National Gathering—Favorable Railroad Rate Secured.

Several Morgan county veterans are preparing to attend the forty-seventh national encampment of the Grand Army of the Republic to be held in Chattanooga, Tenn., the week of Sept. 15th, among them Lycurgus Goheen, George R. Mawson and L. R. Penfield. The latter two of the veterans saw service in the famous battle which the holding of the encampment at Chattanooga commemorates. It is likely too, according to W. H. Jordan, commander of Matt Starr Post, G. A. R., that other Morgan county veterans will attend. A very favorable rate of \$16 to Chattanooga and return has been secured.

A circular recently issued by the Encampment association lays particular stress upon the fact that hotel and lodging rates will be reasonable at Chattanooga. Many rooms in private homes will be at the disposal of the visitors and the average rate per night for sleeping quarters in hotels and houses will be one dollar. Some accommodations will be offered as low as 75 cents. To make it certain that meal prices will be reasonable the committee will operate a restaurant where the charge for a meal will be 35 cents. Very extensive preparations have been made to entertain the old soldiers and the week promises to be one of great interest to them and the country at large.

**PROCEEDS OF THE FESTIVAL.**  
The management of the playground festival are able to report nearly all receipts and disbursements. It is possible a few items yet to be ascertained will somewhat modify the figures given but not much. The total receipts were \$156 and the expenses \$106 leaving a balance of \$50 and a fine time for the children and an excellent entertainment and object lesson for all who attended. The expenses were unavoidably heavy as it seemed necessary to have the band and the preparation of the grounds and other unavoidable items swelled the expense account materially.
